

AMG eEMR SOLUTION

Your Affordable Choice for Electronic Medical Records

Now there is a smart and affordable solution available for the use of EMR – a monthly subscription option. AlteraMed Group now offers CCHIT Certified NextGen EMR® in a highly secured ASP (web-based) environment.

- **Minimize your upfront investment**
- **Lower your monthly costs**
- **Have your software maintenance and support provided by professionals who understand your practice**

With the ASP model, software and IT costs are predictable, reliability, availability, and security are enhanced, key systems are kept up to date, and all managed for you by a team of experts. A superb EMR product provided by a company with extensive practice administration and EMR implementation experience. We understand your practice needs and daily challenges.

Under the American Recovery and Reinvestment Act of 2009, the federal government is encouraging physicians to adopt electronic medical-record systems with \$34 billion in funding for financial incentives.

To fully participate, you must have adopted EMR by the end of 2010. Act now so you can prepare to receive your share of the stimulus money.
